

# GICNS PARTICIPATION REQUIREMENTS

During the year, each family is required to participate in 3 different areas of commitments. Participating in the classroom, participating in our predetermined fundraisers, and participating in a committee or board position throughout the school year. These 3 different commitment requirements are described below. Most tasks, besides being a Board Member can also be completed by someone in your family, extended family, or friends in your place.

## Classroom Participation

Each family is required to participate in their child's class on a rotating basis. You will receive the calendar a month ahead of time with your participation dates. Participation will be scheduled based on the availability you provided on the scheduling form. If you are unable to participate on your given date after the calendar is distributed, it is your responsibility to find someone to cover for you.

## Board or Committee Participation

Each family is required to participate on one of the following committees. Commitments vary and the tasks for each are very important to ensure our school runs smoothly.
